13

(1) Account Hijack in LINE

Direct Hijack
Phishing
Social Engineering

15

2: Case of LINE

- (1) Account Hijack in LINE
- (2) Spam, Abuse & Fraud in LINE
- (3) e-KYC in LINE Pay/Credit
- (4) FIDO in LINE Pay
- (5) Fact Check Service in LINE Taiwan

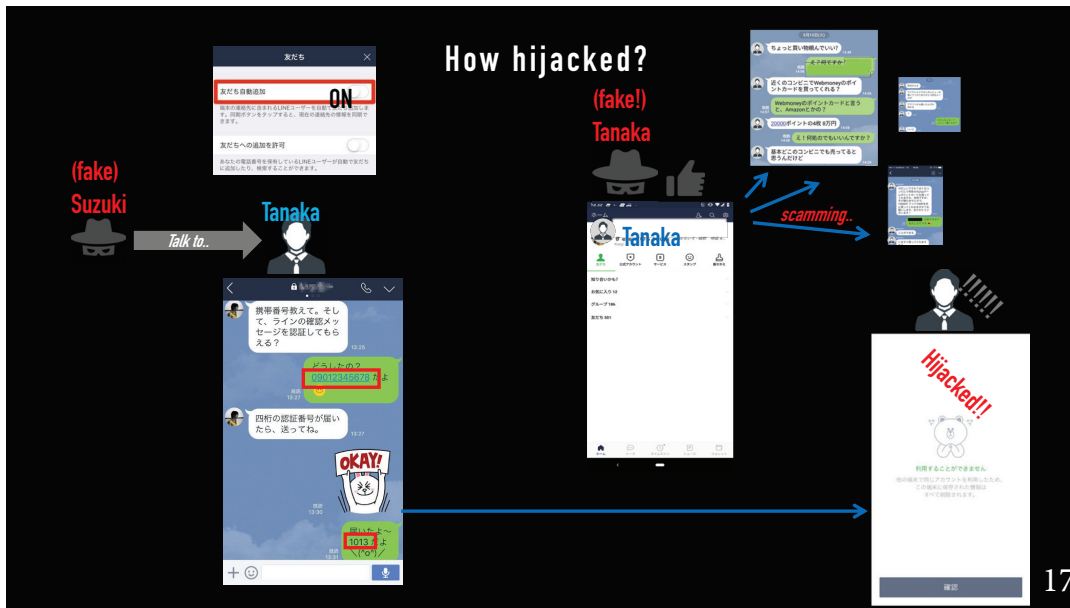

14

Account Model of LINE

```

classDiagram
    class IdentityAttribute["<<Identity Attribute>>"] {
        *Phone
        *Password
        Email
        FB
    }
    class Device["<<Device>>"] {
        Mobile App
        Desktop App
    }
    IdentityAttribute "1" -- "0..*" Device
  
```

16

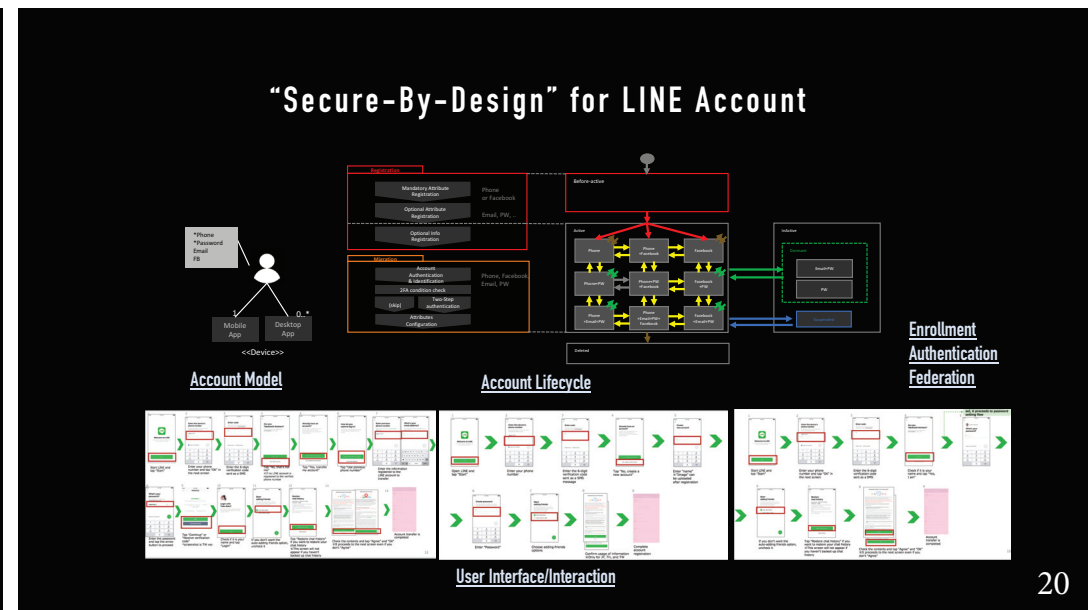

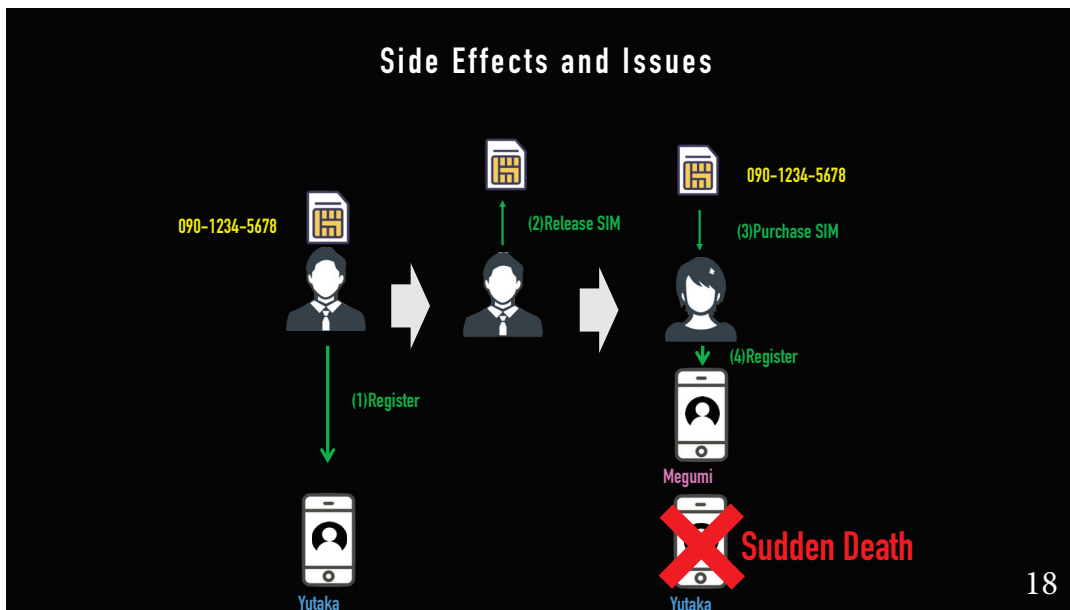

Side Effects and Issues

Account Recovery Issue

- Forget Password
- Lost Device
- Stole Device
- Initialized OS
- Doesn't have registered SIM
- Not registered SIM
- Not registered Email, ..

19

"Secure-By-Design" for LINE Account

1. New Migration Spec

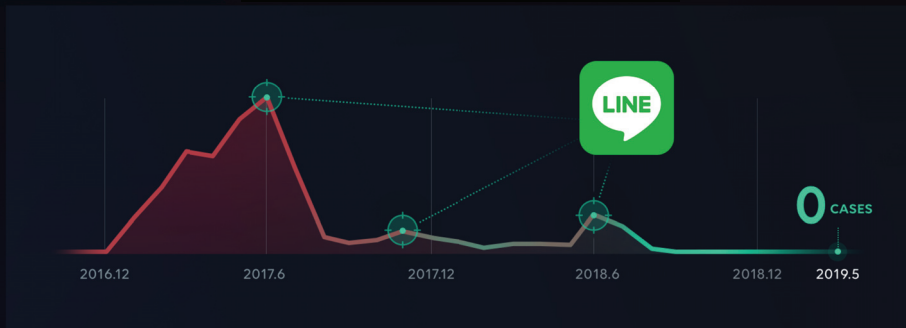

☺ Anti Account Hijack (Direct hijack) ☺ Recoverable after Dead Lock ☺ Anti Reverse Brute-Force Attack

2. Machine Learning (ML)

Analysis (of Abuser's behavior) → Develop Block Rule → Bypassed → Analysis → Develop .. 🤨

(2) SPAM, Abuse and Fraud

ML x Security (1) against Social engineered Account Hijack

Spam in LINE

in Talk, OA, Timeline, Open Chat, Profile, Note, ...

Machine Learning (ML)

Analysis (of Spam Contents) → Develop Block Rule → Bypassed → Analysis → Develop .. 🤨
